

Dodmoor Champagne Towers

A Champagne tower at your wedding is a win-win way to create a real spectacle on the day! If you're looking for something memorable and fun to add to your wedding, then serving some of your bubbly in this stylish way will certainly make an exciting experience for you and your guests!

Not only will this fancy feature ensure your drinks reception has a pop of luxury and a sprinkling of sparkle, it will also create a brilliant photo opportunity for both your guests and photographer to capture!

We can offer three different sized towers – 14 coupes, 20 coupes, or 31 coupes (the photos included show 20 coupes), all of which can be set up inside or out (weather dependent)!

The 20 or 31 include two coupe glasses on the top level, so that both of you can pour into a glass to overflow into the others, whereas with 14 glasses, there would just be one coupe at the top.

We would set up the tower for you during the drinks reception (on a rustic square poseur table with 14 or 20, or a rustic 4ft wooden table with 31), and would then supervise handing out glasses once you've had your photo moments!

The majority of the glasses would be pre-poured by us (using Prosecco from your drinks package or your own drinks if you're using the no-corkage option), and then an additional bottle (or two) will be needed for you to pour into the top glasses and fill up the lower-level glasses so that they start to overflow!

Prices when using a Dodmoor House Drinks Package

For 14 or 20 coupes, the price would be £55 -

This is based on a £35 set up fee and an additional bottle of Prosecco for you to pour.

For 31 coupes, the price would be £75 -

Again, this is based on a £35 set up fee, but with two additional bottles of Prosecco for you to pour (as there's more to fill)!

Prices when providing your own drinks (no-corkage option)

If you are providing your own drinks and supply your own Prosecco or Champagne for the tower, only the £35 set-up fee and the damage deposit would apply. Quantity wise you would require 3 x bottles of fizz for 14 coupes, 5 x bottles for 20 coupes or 7 x bottles for 31 coupes.

A pre-payable 'damage deposit' would also be due on booking (based on the number of glasses being used), and this would be credited back to you if there is no damage or breakage to any of the glasses.

This deposit is based on £5 per glass, so would be £70 for 14 glasses, £100 for 20 glasses, or £155 for 31 glasses.

If there is no damage or breakages, this would be credited to you on your final bill the day after the wedding (or refunded if you don't have a bill), but for example if four glasses are damaged - £20 of the deposit would be kept.

To have the champagne tower outside the no corkage period, you have the option to provide your own Prosecco at £10 corkage per bottle. Or you can buy the bottles of Prosecco from our bar at a special rate of £20 per bottle.

Once you have had your moment Dodmoor staff will dismantle the tower and hand out the coupe glasses to
