

Dodmoor Tea & Coffee Station

Treat your guests after the meal to a fresh cup of tea or filtered coffee. We can supply enough cups for up to 80 guests and will include filter coffee, a mixture of teas, cups, saucers, spoons, sugar and milk, for a 1 hour period. Dodmoor House staff will be on hand to set this up and clear it away.

Details

There is a **£35** set up fee then a cost of **£1.40** per cup will apply

We would discuss with you the amount of cups you would like to pre-select at your planning meeting, these cups and the correct amount of tea and coffee to fill these cups would be set out ready as guests move through and help themselves after the meal.

We would normally recommend covering between 50%-60% of the guests and would be happy on the day to provide more if the demand was very strong (although your guests would have to wait while this was being made up) so we would suggest making sure there is enough available from the beginning.

Please confirm any dietary requirements in advance

The **£35** set up fee is payable upfront to confirm your booking, this is non-refundable. The final balance for the number of cups provided will be due the day after the wedding.

To book just email us at weddings@dodmoorhouse.co.uk
